## EXAMINATIONS BY PSI

The Maryland Home Improvement Commission licenses and regulates home improvement contractors and salesperson. Home Improvement work includes alteration, remodeling, repair or replacement of a building or part of a building used as a residence. Home improvement also includes work done on individual condominium units. Home improvement does not include work done on apartment buildings that contain four or more single family units or work done on the commonly owned areas of condominiums. The Commission investigates complaints by homeowners, awards monetary damages against licensed contractors, and prosecutes violators of the home improvement laws and regulations.

All applicants for the Contractor Home Improvement license must:

- ◆ Submit the examination registration form for the home improvement examination to PSI with a check in the amount of \$63.
- ◆ Pass the examination with a score of at least 70% correct responses. (Examination results are only valid for 2 years.)

A federal law requires state agencies to collect and record the Social Security numbers of all licensees of the professions licensed by the state.

#### EXAM ACCOMMODATIONS

All PSI examination centers are equipped to provide access in accordance with the Americans with Disabilities Act (ADA) of 1990, and exam accommodations will be made in meeting a candidate's needs. ## TAKING THE EXAMINATION BY COMPUTER

### IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

### TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

### TEST QUESTION SCREEN

The "Function Bar" at the top of the test question provides mouse-click access to the features available while taking the examination.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

### EXPERIMENTAL QUESTIONS

In addition to the number of examination items specified in the "Examination Content Outlines", a small number (5 to 10)

of "experimental" questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such unscored, experimental questions is an essential step in developing future licensing examinations.

#### **EXAMINATION REVIEW**

Failing candidates will have the option of reviewing their examinations in a secure environment. Requests for an Examination Review must be made within 15-days after their examination. Candidates will be provided with a copy of the incorrectly answered questions in the examination, along with the candidate's answer. The candidate will have the opportunity to write down any matter that he/she wishes to bring to the Commission's attention. The candidate's notes, together with a copy of the item, will be submitted directly to the Commission. The Commission will review the candidate's comments and make a determination as to the validity of the candidate's comments. PSI will contact the candidate, within 30 business days, and inform them of the Commission's decision. Please do not contact the Commission directly.

Standard examination security practices will be followed. You may bring the approved reference books as listed in this Candidate Information Bulletin. You may not take any notes out of the review sessions. Call 800-733-9267 for details.

### **SCORE REPORTING**

Commission policy dictates that examination score results are valid for 2 years. If you do not pass and apply for your license within 2 years after passing your examination, you will have to retake the entire examination.

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination;
  - If you **pass**, you will immediately receive a successful notification.
  - If you **do not pass**, you will receive a diagnostic report indicating your strengths and weaknesses by examination type with the score report.

#### **DUPLICATE SCORE REPORTS**

You may request a duplicate score report after your examination by emailing scorereport@psionline.com or by calling 800-733-9267.

**NOTE:** It is advisable to keep these instructions for future reference, along with copies of your application and other related documents.

After you pass the examination you will be sent a license application by PSI. At that time, you will be asked to do the following 11 procedures. Do not call the Commission for a

license application.

Your employer must submit a notarized statement with the dates and duties of employment AND copies of any diplomas and degrees of education related to the occupational license type for which you are applying. Listed experience MUST be able to be verified. If experience cannot be verified, or is questionable, the application will be returned to applicant.
